AT&T U-verse delivers a better television experience than cable — from unmatched features and quadruple-play integration, to value and customer service. And our customers agree.

For the second year in a row, AT&T U-verse TV ranked "Highest in Residential Television Service Satisfaction in the South" and "Highest in Residential Service Satisfaction in the West" according to the J.D. Power and Associates 2008 and 2009 Residential Television Service Provider Satisfaction Studies

By utilizing the power of our 100-percent Internet Protocol (IP) network, we're enhancing the customer experience to bring a competitive TV choice and integrated TV, high speed Internet, home phone and wireless services to you. With U-verse TV, customers enjoy:

- Unmatched features, including Total Home DVR, which gives you the freedom to watch recorded Standard Definition (SD) and HD programs from a single DVR on any connected TV in the home.
- An extensive HD channel lineup.
- Great value, with essentials like HD-ready DVR, wireless home networking and Wi-Fi access included in most packages.

And this is only the beginning. With our IP network, we continue to introduce enhanced features, greater personalization and more control across services and devices.
